

VeriFone Vx510LE

Credit Card Terminal

The VeriFone Vx510LE Credit Card Terminal covers most merchants' needs, including high-speed transaction processing and reliable security protections. The Vx510LE is a hard-working device that will handle all of your processing needs without exceeding your budget.

The VeriFone Vx510LE offers a wide range of payment capabilities, saves counter space with its compact design, and minimizes clerk and customer entry errors with its familiar ATM-style interface, large backlit display, ergonomic keys, and bold menu prompts.

PRODUCT FEATURES

- Efficient processing and high-speed thermal printer keep lines moving
- SoftPay software offers extensive, flexible support for all types of payments
- Simple to install and easy to use
- ATM-style interface and ergonomic keys provide a familiar interface
- Large backlit display and bold prompts reduce errors
- Petite size saves valuable counter space
